Erin,

I would contact David Bender in the Ecological Services Section of KDWP&T. His contact information is below:

Please let me know if you have any questions.

Thanks,

Importance: High

That would be a Darin question. When EPA does ESA consultation, we work directly with the US FWS. I'm sure Darin knows someone because they are active in 404.

Subject: KSDWPT contact

Sara Hertz Wu is working with Jodi Bruno on a 404 case and they had a question for KSDWPT. (I think that's what she said, rather than US FWS.) Knowing you have worked on ESA issues, I wondered if you have a contact there, or know someone who does? Thanks!
